

## **Student Disability Services Verification Form for Students with Physical Disabilities or Medical Conditions**

This form is intended to assist in meeting our documentation requirements for these disabilities. However, if not thoroughly completed, it may not be sufficient as the sole form of documentation provided. Please refer to the “Guidelines for Documenting Physical Disabilities or Medical Conditions” for comprehensive documentation requirements and additional information. To ensure the provision of reasonable and appropriate accommodations, students requesting services must provide current documentation of the disability. The age of acceptable documentation is dependent upon the condition and the nature of the student’s request for accommodations. Disabilities that are sporadic or change over time may require more frequent evaluations. Documentation that reflects the current impact on the student’s functioning should be submitted. Present symptoms that meet the criteria for the diagnosis must be noted. This documentation should provide information regarding the onset, longevity and severity of symptoms, as well as the specifics describing how it has interfered with educational achievement. To standardize our gathering of information, we ask that you complete the following questions, even if the material has already been included in your evaluation. All information will be kept confidential. Please feel free to contact the ADA/Section 504 Coordinator at (972) 721-5056 with questions.
